Dear Doctors,
Thank you for keeping people safe. You guys rock and i might even be a doctor when I grow up. I wish I was a doctor now. We really appreciate you guys keeping people safe. I have some questions:
I always wondered what you guys are doing now?
What do you wear now?
Once I went to the hospital because my appendix burst. But I was ok because you guys saved me, thank you so much.
Please stay safe!

I have some questions that you could maybe answer. How many people in Kamloops have corona virus? What is it like treating people with COVID-19? Are you scared to go to work? I'd be scared to catch the virus. How long are we going to be quarantined? I like being quarantined because I get to be with my family. My family and I have been in isolation for 3 weeks.
